

COMMONWEALTH PUBLIC SAFETY MEMORIAL

You can build Virginia's monument to heroes

MEMORIAL BRICK ORDER FORM

Public Safety agencies and individuals may request an inscribed brick when making a contribution of \$2,500. Proceeds support the Commonwealth Public Safety Memorial Fund, and will directly benefit construction and longterm maintenance of Virginia's monument to public safety officers killed in the line of duty. Inscriptions may include legal name of an individual or name of public safety agency or unit, which may include abbreviations, "In Memory Of" or "In Honor Of" and applicable years. For more information on inscription guidelines, please see reverse.

TEXT WILL BE IN ALL CAPS

3 lines of text with 14 characters per line. Characters include conventional spaces and punctuation.

HARRISONBURG
FIRE
DEPARTMENT

IN MEMORY OF

COMMONWEALTH PUBLIC SAFETY MEMORIAL

You can build Virginia's monument to heroes

BRICK STANDARDS

Located at the Public Safety Memorial at Darden Garden, formerly Capitol Street, between 9th and 10th Streets at Richmond's Capitol Square, the Memorial Walk offers an opportunity to honor loved ones and co-workers, commemorate events, or declare your public safety agency's support for men and women who give their lives in the line of duty. Proceeds from the Memorial Walk program will benefit construction and perpetual maintenance of the Commonwealth Public Safety Memorial.

All brick engravings will be approved by the Capitol Square Preservation Council, in coordination with Virginia Public Safety Foundation. These groups reserve the right to deny any inscription that fails to conform to the stated standards.

All bricks will be of the same size and color, 4" x 8" red bricks, so as to create a discrete pavement that does not distract from the memorial wall and blends with surrounding walkways at Capitol Square.

All inscriptions must fit within the established limit on the number of characters for each line—a maximum of three lines with a maximum of 14 characters each.

Inscriptions may include:

- Legal name of individual (or a portion of legal name)
- Nickname of an individual only when the nickname is used consistently in professional life. Quotes may surround nickname.
- Name prefixes and suffixes: academic, honorary, social, and professional titles including military and public safety rank
- Name of public safety agency or organization, such as "Manassas Volunteer Fire and Rescue, Engine 2" or "Virginia Fraternal Order of Police, John Marshall Lodge #1"
- State of Virginia government entities, such as "City of Richmond" or "Henrico County"
- "In honor of"
- "In memory of"
- Years of service or birth/death years
- Business names are permitted, but logos, taglines, mottos, or advertising markers are not permitted
- Punctuation marks and characters, which will count toward the 14 character limit: comma, semi-colon, period, quotation marks, dash, hyphen, foreign diacritical marks, and ampersand
- No inscription of an editorial or subjective nature
- No logo or identifying symbol; only text
- All inscriptions will be centered
- All inscriptions will appear in upper case letters in a standard font
- Virginia Public Safety Foundation will determine the placement of bricks, making every attempt to place bricks together that are ordered together
- Inscribed bricks become the property of the Commonwealth of Virginia
